## STORY OF TENACITY

### Lorie

Lorie was born with a congenital disability in her right arm. While raised by a supporting family, others throughout her childhood, would only see her disability. As an adult, finding stable employment proved next to impossible. But she never gave up.

*"Goodwill means more than just employment. It's home, stability, acceptability, and inclusion. Goodwill encourages and pushes you to be greater than you are."*

When complications during her birth resulted in the nerves of her right arm being severed, Lorie's life would forever be changed.

She would grow to have little dexterity and limited use of her right arm. For years, she would struggle to secure stable employment, being judged only for her disability and not for the ability that lied within. Lorie turned to Goodwill San Antonio who looked beyond her physical limitations and provided her with a supportive environment in which she would flourish as a Customer Service Representative serving U.S. Air Force civilian employees and those in the Air Force Reserves.

**Lorie now has the encouragement to realize her true potential.**
